DAY'S SESSION Hawaiian Evangelical Association.

Important Matters Discussed and Tea
Drank With the Ladies of
Central Union.

The Hawaiian Evangelical Association which for several days has been in session, went on Wednesday evening by invitation of Mr. Thompson, principal, to the Alumni feast of the Kamehameha School. There was a full attendance. The tables, at which a great company of gentlemen and ladies sat, were loaded with good things prepared by the pupils of the Kamehameha School, and after they were served there was an abundance of speaking.

Thursday morning the Association received the greetings of the representatives of the different missions. Mr. Brown spoke for Central Union Church, Mr. Russell for the Chinese mission, and Mr. Silva for the Portuguese. Mr. Perry brought the greeting of Kamehameha. Dr. Bingham spoke for Foreign missions and Mr. Lewis gave his farewell.

At noon the Association adjourned and went in a body to pay their respects to President Dole, who, with the Minister of Foreign Affairs and the Minister of the Interior, received them in the audience chamber of the Executive building.

In addressing the delegation, President Dole said in effect that it gave him pleasure to meet the members of so influential a body as the Hawaiian Evangelical Association; that he was sure that they stood for good government; that it was the duty of every one, especially of such representative men, to be alert and watchful in these days when civil rights were given to all Hawaiians equally with other Americans. Personally the President felt gratified and honored by their confidence and felt that they could do much to strengthen his hands, to help him discharge his arduous duties successfully, and hasten the time when even-handed justice shall be meted out to all.

The reading of Treasurer Hall's report occupied part of the morning session. The total amount expended by the Board during the year reached the sum of \$34,220.73; \$32,192.63 were reported as received, leaving a debt to the banks of \$2,028.10.

After the reading of Secretary Emerson's report came the re-election of the Secretary and Treasurer for the coming year, and of the Third Class of the Hawaiian Board. Mr. C. M. Cooke was elected in place of Rev. C. M. Hyde, deceased, and Chief Justice Frear in place of Chief Justice Judd, deceased. Three more names, those of E. J. Lowrey, Rev. W. D. Westervelt and Rev. James Davis, making thirty-three members in all. Following these elections came the report of the delegation sent to the Congressional Council held in Boston last year. Much interest centered in this report.

At the suggestion of Messrs. Timoteo and Desha, the subject of the erection of a monument to the missionary fathers was introduced, and after favorable discussion it was voted that the chair appoint a committee of five to take the matter into consideration and report at the next annual meeting. This movement was inspired by the visit the delegation made to Plymouth Rock, Mass.

The topic of the regular employment of native evangelists came up for discussion, and also that of the relation of our Hawaiian churches to those of the same order in the United States. This topic comes up for further discussion on Friday morning.

At 4 o'clock the Association was entertained by the ladies of Central Union Church, at their Annual Tea Party. Every seat at each table was taken.

STREET RAILWAY FOR YOKOHAMA

Scheme of a Company Which Will
Have a Capital of a
Million Yen.

YOKOHAMA, May 29.—There is a scheme on foot in Yokohama to construct a railway on the Serpollet system in the city of Yokohama and also between Yokohama and Hodogaya. The promoter is Mr. Naito Yoshiwo of Asakusa, Tokyo, and he has succeeded in obtaining the support of a number of well-known men in Yokohama, Kanagawa and Hodogaya. The company's capital will be one million yen. According to the prospectus, the line will extend 173 chi or about 12 miles besides 5 miles of double lines laid down. The following is the estimate of expenditure required for the work:

To rails	Y250,000
" Motors and cars	350,000
" Ground	48,000
" Civil Engineering work	45,000
" Bridges, etc.	57,000
" Repairing expenses ..	25,000
" Godowns and office building	23,000
" Surveying work	50,000
" Office expenses	10,000
" Furniture, etc.	5,000
" Reserve	170,000

The annual receipts of the Company are estimated at Y230,000, which after deducting expenses for carrying on business show a net profit of Y225,000. If this scheme is realized, the Oyebashi in front of the railway station will be connected with the Public Garden, Nippon O-dori with the Public Garden, Nishiki-bashi (near the railway station) with Yatohaka, Nishiki-bashi with Kanagawa, Nishiki-bashi with Hatsucho (Ota), Hinodecho with Azumabashi, Sakalcho with Nishinobashi, and Yukimibashi with Hodogaya.

Sir William MacCormac, the president of the Royal College of Surgeons of London, is at times quite absent-minded. He is an indefatigable worker, and often to save time when studying in his laboratory has a light luncheon served there. Once his assistants heard him sigh heavily, and, looking up, saw the doctor gazing at two glass receptacles on his table. "What is the matter, doctor?" asked one of the youngsters. "Nothing in particular," was the reply. "Only I am uncertain whether I drank the beef tea or that compound I am working on."
